## SUMMARY

Junior Full Stack Developer with Java/J2EE, HTML/CSS, Jersey, SQL/PLSQL, and Oracle expertise. Proactive problem-solver.

## EDUCATION

### Saint Louis University

*Master of Science, Information Systems*

- CGPA: 3.63/4.0
- Coursework: Mobile & Web App Development, Data Visualization & Analysis, AWS, Statistics, Tech & Start-ups

**Saint Louis, Missouri**

*Aug 2023 – May 2025*

## EXPERIENCE

### Cognizant Technology Solutions — Titan

*Full-Stack Java Developer*

**Hyderabad**

*Aug 2020 – Jul 2023*

- Developed and maintained Java/J2EE applications using Jersey framework.
- Designed and implemented RESTful APIs, improving data access efficiency by 15%.
- Optimized SQL/PLSQL queries for Oracle Database, reducing query execution time by 20%.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

### Cognizant Technology Solutions

*Intern – Programmer Analyst*

**Pune, Maharashtra**

*Jan 2020 – May 2020*

- Contributed to the development of Java-based enterprise applications.
- Gained hands-on experience with SQL and database management.
- Assisted senior developers in debugging and troubleshooting issues.
- Successfully completed assigned tasks within deadlines and exceeded expectations.

## PROJECTS

### E-commerce Platform using Java/J2EE

*March 2023 - August 2023*

- Developed a robust e-commerce platform using Java/J2EE, Jersey, and Oracle Database.
- Implemented RESTful APIs for seamless integration with front-end applications.
- Optimized database queries for improved performance and scalability.
- Ensured data integrity and security through proper validation and sanitization techniques.

### Inventory Management System

*October 2022 - February 2023*

- Built an inventory management system using Java, Spring Boot, and MySQL.
- Designed and implemented user interface using HTML, CSS, and Javascript.
- Integrated system with third-party APIs to streamline inventory updates.
- Improved data accuracy and reduced manual errors through automated processes.

### Personal Portfolio Website

*September 2022 - December 2022*

- Created a responsive portfolio website showcasing my skills and projects using HTML, CSS, and JavaScript.
- Integrated a contact form using Node.js and a backend database for user information.
- Deployed the website to a cloud server ensuring 24/7 accessibility.
- Optimized website performance for speed and SEO using various tools and techniques.

## SKILLS

**Languages & Frameworks:** Java, C, C++, Spring Boot, Hibernate, Angular2/4/8, React, Node.js, JSP, Servlets, MVC

**Frontend:** HTML5, CSS3, JavaScript, jQuery, JSON, XML, XSLT

**Web Services:** REST, SOAP

**Cloud & DevOps:** AWS, Azure, Docker, Google cloud,

**Tools:** Jira, Confluence, GitHub, GitLab, Postman, Elasticsearch

**Database:** MySQL

**Messaging Queues:** ActiveMQ, RabbitMQ

**Security:** OAuth2, JWT, Spring Security

## CERTIFICATIONS ( UDEMY)

- Agile Project Management
- Relational Database Design
- Responsive Web Design
- Java Database Connection
- Maven Crash Course
- Spring Framework
- Build Java app with Spring MVC
