Hiring Manager  
Versique  
Twin Cities, Minnesota

## **Subject: Application for Full Stack Software Engineer**

Dear Hiring Manager,

I am writing to express my keen interest in the Full Stack Software Engineer position at Versique, as advertised. My background in full-stack development, coupled with my experience building and deploying AI-driven features, aligns perfectly with the requirements outlined in the job description. I am particularly drawn to Versique's reputation as a high-performance recruiting firm and its commitment to fostering a diverse and inclusive workforce.

My experience building and deploying AI-driven features for enterprise systems demonstrates my ability to translate complex user needs into efficient, robust software solutions. For instance, during my time at Cognizant Technology Solutions, I developed and deployed full-stack features resulting in a 15

My recent projects further highlight my capabilities. My "AI-Powered Workflow Automation Tool" showcases my proficiency with Python (FastAPI), React, and TypeScript. This project resulted in a 20

I am confident that my skills and experience in Python, React, TypeScript, FastAPI, and PostgreSQL, combined with my demonstrated success in AI-driven projects, make me a strong candidate for this position. My resume provides further details on my qualifications, and I am eager to discuss how my contributions can benefit your team. Thank you for your time and consideration.

Sincerely,  
Yashwanth Raj Tirupati
