**Subject: Application for Software Engineer, Dev Productivity**

Dear Hiring Manager,

I am writing to express my strong interest in the Software Engineer, Dev Productivity position at HeyGen, as advertised on [Platform - Remove this line]. HeyGen's mission to democratize visual storytelling deeply resonates with my passion for leveraging technology to improve efficiency and developer experience.

My background as a Software Engineer with an MS in Computer Science, coupled with my experience optimizing CI/CD pipelines and developer workflows, aligns perfectly with the requirements of this role. My expertise in Python, Bash scripting, and containerization (Kubernetes, Docker) has consistently enabled me to deliver impactful results. For example, during my time at Cognizant Technology Solutions, I developed and deployed full-stack features resulting in 15

My project experience further strengthens my candidacy. In my project, "CI/CD Pipeline Optimization for Microservices Architecture," I redesigned a CI/CD pipeline using GitHub Actions, achieving a 20

I am confident that my skills and experience make me a strong candidate to contribute significantly to HeyGen's engineering team. My resume provides further details on my qualifications, and I welcome the opportunity to discuss how I can contribute to your team's success.

Sincerely,
Yashwanth Raj Tirupati
